### FIFTY CENTS

N some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for habies and children. In other conditions the gain is slower-health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a lood rather than a medicine. It's a food for tired and weak digestions.
